

INDIANA NCA CASI
Presents
GATEWAY TO MASTERY®
Summer Institute

Join Jeff and Jacquie Burgard for an intensive “how to” training and fun-filled learning experience.

This workshop is designed to deepen teachers’ and administrators’ understanding of the mindset and methodology to effectively monitor individual, classroom and school-wide progress and empower students to take more ownership of their learning.

“Feels Like Learning”

GATEWAY TO MASTERY®

"Feels Like Learning"

Gain in-depth knowledge about the three disciplines of **GATEWAY TO MASTERY®**

- Culture
- Knowledge
- Performance

- Learn how to use these disciplines to improve student learning and enthusiasm

- Create an exciting learning system with

- Common assessments
- Shared language
- Team work
- Timely feedback and accountability
- Engagement of all in the learning process

Participants will learn with and from each other through group work, discussions, lecture, modeling, role playing, and more.

Relevant, ready to use training

Participants will be able to:

- Apply systems thinking to continuously improve learning and culture
- Apply effective, unobtrusive, school-wide, classroom and individual data collection techniques to enable continuous adjustments - without being a statistician
- Implement on-going staff and/or student engagement through sharing data, discussing challenges, testing theories and planning improvement
- Show students how to focus their learning through better self-assessment and analysis of their own learning data

"I was fortunate to attend a three day NCA workshop last spring presented by Jeff and Jacquie Burgard along with four teachers. Our group left the workshop excited about several practical strategies we could implement in our classrooms. Our excitement continued as teachers realized positive results with their students in the weeks following the workshop... I highly recommend this workshop for educators who are serious about improving student learning."
